BIO

Alexandra Urbano and Anais-Lin Chastres are two classical and jazz pianists that share the same passion of music and the same love for dancing. In 2012, they joined forces and LAST CALL was born. Swinging you into the dancefloor by blending cadenced rhythms and proggygroovysharpheartpumping sounds, they tell stories through their sets, travelling along complex harmonies and deep melodies, believing in taking you into a psychedelic bliss. Last Call is based in Lisbon. They are artists of the labels Blacklitr Records (Italy) and Global Army Music (Mexico). Some major events they have performed at are: Psychedelic Circus 2014 (Germany), Freedom Festival (Portugal), Cosmic Gate 2012 (Portugal), and Old School Gathering 2016 (India). They have already shared the stage with some of their biggest inspiration such as Astrix, Ace Ventura, Loud, Major7, Sonic Species, Tristan... The duo is now focusing more than ever on their project, developing new ideas and aiming at spreading their passion for psy-progressivetrance.
