## Who is Kami?

KAMi is a project born on a lucky day by the collaboration between BRAVE and SUN69 , producers of Psychedelic Trance coming respectively from the west and north of Japan. With a long personal career of over twenty years, they have performed together at festivals and parties in Japan and around the world.

After the first EP "Do you believe it or not?", released on Samaa Records, they worked day and night to create a new psytrance live set which is moving from gloomy night time vibes to cosmic feelings and flavors. Joining Blacklite Records officially was the next step that we were all waiting for.
