Who is Alter Vu?

Balboa and Apocalyptum aka Alter Vu are two talented Mexican producers that have created first their own peculiar sounds and style and then they joined force to develop a more complex project! The style is very unique, psychedelic and for sure aiming for night time delirium. Somebody can say twilight music but what we are sure is that their sounds can create hallucinations fx!

The Mexican alchemist duo have been crafting music since a young age, so they decided to blend some of the old school influences with a more modern and robotic touch. Officially now part of Blacklite Records roster!
