Mystic Pulse

Who is Mystic Pulse?

Mystic Pulse is the project of Nehoray, a young and talented guy that aims to bring a savage blend of Twilight Psytrance, funky grooves, and heavy influences from rap, hip-hop, rock, and metal to the dancefloors. His Music is dark, punchy and unapologetically unique. Mystic Pulse injects a heavy dose of rebellion into the usually ethereal world of Psytrance. His music is designed to be felt as much as heard, a universal assault on all human senses. It's an aggressive, groove-laden journey that demands physical and mental participation. The artist's mission is very simple: deliver a sound that is both deeply rooted into the psychedelic trance traditions as well as fiercely forward-thinking, experimental and why not, loud.

"Getting behind the decks felt like finding my true north. The energy I get from the crowd fuels every track I create, pushing the sound boundaries of what's possible. This is just the beginning of our journey together on the dancefloor."

Mindset

"The pulse of Psytrance hit me hard and honestly, it changed with my whole trajectory. No regrets though—the madness and the tribe? Forever thankful.
