BIO

Neuromotor is Frederick Talaa, one of the pioneers of the Global Psychedelic Dance Music scene with over 20 years of making people groove and move. A high energy force that has been consistent in making waves, Neuromotor has recently carved dance floor smashing sonic stories for some of the major psychedelic trance labels including Nano Records & Fractal Records. He has been constantly referred to as one of the best Live Performance acts in the trance dance arena with energy fueled appearances in over 5 continents and numerous countries ranging from and between Japan to Mexico and from Germany to Australia. His sets at Boom, Ozora and many other music festivals, gatherings and tours in countries including India & Mexico have been unforgettable and a massive shout out to everyone who has facilitated, supported, bought, played, danced and experienced Neuromotor for all these years! He's just getting warmed up.
