Who is G-RM?

Jeremie Mahaut a.k.a. G-RM discovered electronic music during the free parties of the nineties. He first laid hands on vinyl in 1996 and after several years of exploring different musical genres and styles, found his main calling in Psytrance. In 2013 he joined Blacklite Records which has since allowed for many opportunities for his growth and career. Traveling the world he played with some of the most influential artists for his genre such as Polaris, Earthling, Dimitri Nakov, Nukleall, Earthspace and Audioform just to name a few. He was blessed to get to the legendary Universo Paralello Festival in Brazil too, fulfilling his long time dream. With a wide range of influences along with a dynamic and balanced mixing technique Jeremie has secured himself as one of the top promoters and Psytrance DJ's in his home country. He has already released two compilations including tracks from the biggest artists in the psytrance scene.
